Blue Book® Suggested Retail Value

\$19,165

The Kelley Blue Book Suggested Retail Value is representative of dealers' asking prices and is the starting point for negotiation between a consumer and a dealer. This Suggested Retail Value assumes that the vehicle has been fully reconditioned and has a clean title history. This value also takes into account the dealers' profit, costs for advertising, sales commissions and other costs of doing business. The final sale price will likely be less depending on the vehicle's actual condition, popularity, type of warranty offered and local market conditions.

The specific information required to determine the value for this particular vehicle was supplied by the person generating this report. Vehicle valuations are opinions and may vary from vehicle to vehicle. Actual valuations will vary based upon market conditions, specifications, vehicle condition or other particular circumstances pertinent to this particular vehicle or the transaction or the parties to the transaction. This report is intended for the individual use of the person generating this report only and shall not be sold or transmitted to another party. Accident / Damage Indicator

CARFAX receives information about accidents and other damage in all 50 states, the District of Columbia and Canada. Different information in a vehicle's history can indicate an accident or damage, such as: salvage auction, fire damage, police-reported accident, crash test vehicle, damage disclosure, collision repair facility and automotive recycler records.

Not all damage is caused by an accident. Some damage could be caused by events such as vandalism, hail, water or fire. Not every accident or damage event is reported and not all reported are provided to CARFAX. Details about the accident or damage event when reported to CARFAX (e.g. severity, impact location, airbag deployment) are included on the Vehicle History Report. CARFAX recommends you obtain a vehicle inspection from your dealer or an independent mechanic.

- According to the National Safety Council, Injury Facts, 2015 edition, 8% of the 254 million registered vehicles in the U.S. were involved in an accident in 2013. Over 74% of these were considered minor or moderate.
- CARFAX depends on many sources for its accident / damage data. CARFAX can only report what is in our database on 1/3/18 at 2:20:43 PM (EST). New data will result in a change to this report.

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
